MY MAILING LIST

"I didn't receive your last Auction Catalogue". "Please keep me on your mailing list".

When I receive a letter similar to the above, naturally I check my mailing list to see the reason, and in nearly every case I find that the writer has not sent any recent bids: in fact, in some cases has never sent a bid, altho he has been on my mailing list for over five years. This brings up the question, what can I do about it?

May I take you into my confidence and tell you something about the coin auction business? Few collectors realize the actual cost of issuing an auction catalogue. My mailing list is in excess of 3000. My catalogues run from 28 to 32 pages, and the cost of the stock, printing, bid sheets, large and small envelopes, addressing and mailing is approximately $300.00. From the 3000 catalogues mailed I receive about 400 bid sheets, a response of about 12½ per cent to my advertising. From these mail order bids and the bids received on the floor, I have enjoyed nine successful Parker House Sales, BUT, the fact remains that I have mailed out 3000 catalogues and out of that number 2600 have not responded. I would like to keep these names on my mailing list and therefore I am going to try the following plan.

If there is nothing in this catalogue you wish to bid on, send me TWENTY CENTS in stamps and I will retain your name on my mailing list, and mail to you, within a few days after the sale, a copy of "Prices Realized".

I think you will agree that my previous catalogues and the material I have offered are on a par with any offered in this country. This catalogue with the "PRICES REALIZED" Sheet will help you in determining the existing values of numismatic material and will make a ready reference catalogue that can be used for years to come

If you are not one of my regular Bidders by mail or at the PARKER HOUSE and want me to retain your name on my mailing list, mail me
